## Our Commitment to Great Communities

For more than 116 years, Hamilton® has been fortunate to do business with and be an active part of wonderful, supportive communities. We are proud of the amazing residents, businesses and community leaders that make each of the communities we serve great places to live, work and play. Throughout the years, Hamilton has always felt strongly about the need to give back and reinvest in our communities.

Year after year, we aim to demonstrate our deep commitment to give time and resources to promote growth, economic development activities and support community needs. During the past year alone, Hamilton has contributed to more than 70 organizations in the communities we serve. We know that when our communities have good facilities, supportive organizations and are prosperous – we all benefit.

As an important facet of this corporate vision, Hamilton embraces community partnerships. From the volunteer efforts of our employees to strategic planning and business expertise offered by our senior corporate leaders, Hamilton eagerly lends our knowledge, experience and resources to foster strong community partnerships. Another part of the mission for Hamilton is to attract new business, support existing business and encourage business expansion in our communities. We strive to ensure that there are great resources available in our communities for our employees and our customers.

*"If the project is good for the communities we serve, it is good for Hamilton."*

— Phil Nelson, Chairman of the Board

Hamilton is grateful for the support we receive from each of our communities and from all of our customers! We thank you for your business and the trust you place in us and we thank you for the role you play in making your community great!
