

Fiber to the Home Construction Begins in Doniphan

With fiber to the home construction well underway in the communities of Hampton and Aurora, Hamilton is now beginning construction to bring fiber to the homes and businesses in Doniphan.

Hamilton is engaged in a multi-year project to bring fiber to all the homes and businesses of customers within the company's local telephone exchange area. Customers in the Doniphan area will receive postcards in the mail notifying them that construction will soon begin in their neighborhood. The first of four steps to be completed is a fiber site survey, which will allow technicians the opportunity to select the optimal location for fiber to enter each site and when possible, install customer premise equipment.

The customer service team has been busy calling customers to schedule these fiber site survey appointments. Residential customers in the communities of Doniphan, Hampton and Aurora, who do not yet have an appointment for a fiber site survey, are encouraged to contact Hamilton. The customer service team will schedule a survey for an available time and will update your record with current contact information.

For any questions related to fiber service, please contact the business office at 402-694-5101, or visit Hamilton.net/Fiber-To-The-Home to learn more.

Congratulations 2019 graduates!

From all of us at Hamilton — We wish you the best of luck as you pursue your next adventure!

Faster internet speeds for fiber customers!

We've increased fiber internet speeds! The newly upgraded speed plans equip your home with up to 1 Gig download speed. Hamilton now proudly offers more speed than ever before while keeping the same great price.

The new speeds, including Whole Home Gig, are our latest innovative solution to ensure our customers have access to the fastest speeds available.

Customers will receive the new speed plans once fiber has been installed to their home. See the new speeds online at: Hamilton.net/Fiber-To-The-Home.

Don't dig up more than you bargained for!

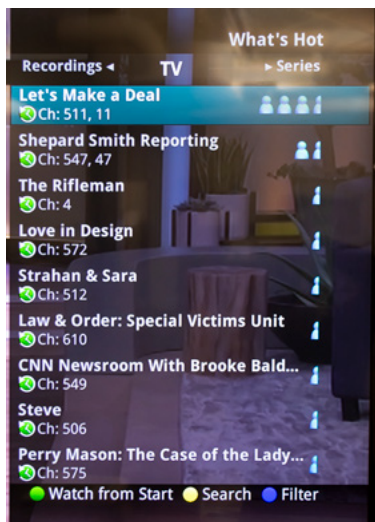

Every digging job — from planting a bush to installing a fence — requires a call to 811 to have utility lines marked. Simply tell the operator where you're planning to dig and what type of work you'll be doing. The affected local utilities will send a locator to your property, free of charge.

Call 8-1-1, then you'll know what's below and be able to dig safely. As one of your local service providers, we thank you in advance for your cooperation!

**Know what's below.
