Giving you Peace of Mind with **Hamilton Backup & Anti-Virus**

If your computer crashed, what would happen to your important documents, photos or other files? While you may be able to repair your PC, the files may be lost forever.

Fortunately, it's easy to prevent that loss by ensuring copies of your files and everything else stored on your PC are backed up and protected with Hamilton Backup & Anti-Virus solutions.

Many computers or PCs come with anti-virus installed, but these solutions may not catch and prevent all viruses from infecting your PC. Additionally, standard Windows AV provides minimal support when issues arise.

Why Hamilton Backup & Anti-Virus?

- Runs in parallel with Windows Defender.
- An added layer of protection with existing anti-virus.
- Runs deep scan automatically.
- Includes spyware scanning to protect from malware.
- Access to local support and clean up services.

Benefits

- Peace of mind knowing your data and identity is safe.
- Backups are stored locally on Hamilton secured servers.
- All backed up data is encrypted and only accessible by you.
- Local support team for any questions and to assist in getting lost data restored.

\$7.99/mo

50 GB Backup + Anti-Virus for one PC

\$3.99/mo

Additional 50 GB Backup for the same PC

Fiber to the Home Construction Update

The fiber construction season is here and we have a busy year planned. In order to deliver Fiberto-the-Home Internet to all of our customers, as quickly as possible, Hamilton has contracted with several outside construction crews to bury our mainline fiber and help with installing the fiber connection directly to every customer's home.

This summer, we have already begun construction in Stockham, Trumbull and Phillips and we plan to connect all current customers in these areas yet this year.

Additionally, we have crews working diligently to complete mainline fiber construction within the city limits

of Burwell, Arcadia, Sargent and Ansley and are working to get customers in these areas connected this summer. After the construction has been completed in these areas, we will move to the next communities previously served by NCTC to install fiber. We are finalizing construction and installations in the towns of Aurora, Central City, Dannebrog, Doniphan, Giltner, Hampton, Hordville and Marguette. If you are a current Hamilton customer in these areas and are not yet connected to fiber internet, please contact us to schedule your install at your earliest convenience.

We are working hard to connect everyone to fiber as quickly as possible. To help us stay on track, watch for us when we are in your area to schedule your installation. We look forward to all of our customers having the benefit of Fiber-to-the-Home internet!

From Our Kitchen to Yours: Amish Salad

Crunchy, creamy and tasty as can be! This Amish Salad is a great go-to summer recipe, courtesy of Hamilton Relay Compliance Coordinator, Tina Collingham.

INGREDIENTS

- 1 cup mayonnaise
- 1 cup sour cream
- ½ cup sugar
- 1 head broccoli, chopped
- 1 head cauliflower, chopped
- ½ pound bacon, fried and crumbled
- 1 cup shredded cheddar cheese

DIRECTIONS

- 1. In one bowl, mix mayonnaise, sour cream and sugar for the dressing.
- 2. Mix all other ingredients in a large bowl, then mix in dressing.
- 3. Cover and chill in refrigerator until ready to serve.
